

5-port core switch H3C

5-port core switch H3C

H3C

With a range spanning ten series and hundreds of switches, H3C's options can cover your networking needs - from the data center core to campus access and remote

Switches-H3C

H3CS12500SeriesDataCenterSwitchesServicesintegrationandintelligentaccessH3C has been deeply engaged in the campus network for many years with

H3C S5120V3-LI Layer 3 Gigabit Access Switch

H3C S5120V3-LI Ethernet switch series supports Internet broadband access and offers Gigabit port access and uplink interface for small and medium-sized enterprises.

H3C S6520X-SI Series Multi-Gigabit 10GE Switches-H3C

H3CS6520X-SI series switches offer high-density 10GE forwarding and can expand 10GE ports flexibly, working at wire-speed. It provides 16/24*10/1GE autosensing

H3C S9850 Series Data Center Switches-H3C

H3CS9850 series switch supports AAA, RADIUS and user account based authentication, IP, MAC, VLAN, port-based user identification, dynamic and static

H3C S10500X-G Series Next Generation Core Switch- H3C

H3C S10500X-G is a high-end Switch series designed for the core layer in intelligent Campuses and Data Centers. Powered by the H3C COMWARE 7 network operating system, the S10500X-G offers

H3C S5590-EI Series Converged Gigabit Switches- H3C

H3CS5590-EIserieswitchesprovideenhancedACLcontrollogic,supportlarge-capacity ingress and egress port ACLs, and support VLAN-based ACL delivery,

H3C S12500G-AF Data Center Intelligent Core Switch- H3C

H3CS12500G-AF is H3C's new generation of AI intelligent switches for the core scenarios of data centers, providing the industry's highest switching. It provides the following features: CLOS+ multi

H3C S10500X Series

H3C S10500X series switch is designed for the core layer of data centers and next-generation campus networks as well as the distribution layer of MANs. It provides the following features: Advanced

Switches-H3C

Switches Services integration and intelligent access H3C has been deeply engaged in the campus network for many years with various product levels. It can provide users with full-scenario product

H3C S5130S-EI Series Enhanced Gigabit Access Switches-H3C

H3C S5130S-EI series switches are also compliant with material environmental protection and the EU RoHS safety standard. The S5130S-EI switch series 8-port (S5130S-10P-EI, S5130S-12TP-EI,

H3C S5000PV5-EI Series Gigabit Access Switches-H3C

H3C S5000V5-EI series is the latest development of Gigabit speed managed Ethernet switch that is especially for SMB (Small Business) market. Besides high-performance access, it also offers

H3C S5120-SI SERIES CONFIGURATION MANUAL

CLI allows you to input a command containing more information at one time. On the H3C switch series, which deliver powerful functions, it is faster to perform

H3C S10500X Series Multiservice Core Switch-H3C

H3C S10500X series switch is designed for the core layer of data centers and next-generation campus networks as well as the distribution layer of MANs. It provides the following features: Advanced

H3C Magic BS205T-P Gigabit Unmanaged PoE Switch with 5 Ports

H3C Magic BS205T-P Gigabit Unmanaged PoE Switch is engineered to deliver robust and reliable PoE performance, making it ideal for a variety of network environments.

H3C S10500X Series Multiservice Core Switch-H3C

The S10500X series switch includes the S10506X, S10508X and S10510X models, with port density and performance to fit different deployment scales. It is your best choice to build a robust core network.

H3C Magic BS205 5 Ports Gigabit Ethernet Plastic Switch

Product overview provides five 10/100/1000M autosensing Ethernet ports. It can deliver wire-speed non-blocking switching on all its ports and the ports are a H3C Magic BS205 desktop switch

Switches-H3C

H3C industrial switches can operate in -40°C - 75°C environments for a long time, and use industrial components to reach IP40 rating. At the same time, with shockproof, anti-electromagnetic

H3C Magic BS205T-P 5 Ports Gigabit Ethernet Plastic Switch

With a buffer sharing architecture, the switch multiplies the available buffering space for each port, greatly enhancing the forwarding performance in the event of unexpected and sudden traffic bursts.

H3C S7500X Enterprise Core Switch Series-H3C

The H3C S7500X series switch is designed for the next-generation enterprise core networks. It adopts modular design, uses H3C's proprietary operating system Comware V7 and provides the following

H3C S5570S-EI Series High Performance Intelligent Ethernet Switch

H3C S5570S-EI series switches are mainly positioned at the access layer and aggregation layer of enterprises and campuses, meeting high-density Gigabit access, fixed 10 Gigabit uplink ports,

H3C Products Catalogue

H3CS12500X-AF is a new generation chassis switch product developed by H3C for high-density 40G/100G/400G data center core network applications. It inherits and develops the CLOS+

H3C S5850 Series Data Center Ethernet Switch-H3C

Flexible port combination The H3C S5850-54QS switch host supports the curing of 48 Gigabit power, 4 10 Gigabit optical and 2 40GE ports, providing the most cost-effective port combination, realizing the

H3C LS-S5600-50C Ethernet Switch 48 Port Full Gigabit 4SFP

Compare prices for H3CLS-S5600-50C Ethernet Switch 48 Port Full Gigabit 4SFP Gigabit Optical Port Layer 3 Core Network Switch from 1 shops. Best price: R54 631.00. Find deals, reviews & buy online

H3C's Core Liquid Cooling Breakthrough: Redefining 800G Switch

To address this challenge, the H3C S9827 series switches introduce the innovative Adaptive Contact liquid cooling architecture. At its core lies the exclusive patented Dual-Floating Hard Tube Technology.

h3c

The H3C S12500 DataCenter Cloud Core Switch Series is designed for cloud services data centers. It provides the following features: The S12500 switch series includes S12504X-AF, 12508X-AF and

H3C S5130S-EI-G Series Enhanced Gigabit Access Switches-H3C

H3C S5130S-EI-G series switch supports innovative single-port multi-authentication function, the access authentication modes supported by different clients are different.

H3C S5850 Series 48-Port GbE Hybrid Ports Flexible

Flexible port combination The H3C S5850-54QS switch host supports the curing of 48 Gigabit power, 4 10 Gigabit optical and 2 40GE ports, providing the most cost
