

# **90-degree right-angle fiber optic cold connector**

## Overview

---

A 90 degree LC fiber optic patch cord is a specialized fiber cable designed with a right-angle LC connector boot. This design allows the cable to exit at a 90-degree angle, reducing cable bending and saving valuable space in high-density fiber installations. Our connectors is with high-efficienct assembling craft design, high standard quality, environment-friendly metal hardwares and plastic parts and fire resistant material. With a presence in more than 38 countries, Molex enables transformative technology innovation in the consumer device, aerospace and defense, data center, cloud, telecommunications, transportation. Stran Technologies's TFOCA GenX 90° Plug Connector is designed for mounting applications where the installer has limited workspace or the connection needs to be re-routed close to equipment.
