

Australian manufacturers of relay protection

Australian manufacturers of relay protection

Auxiliary Protection Relays

Auxiliary protection relays include all the necessary devices needed to complete your protection scheme. With tripping relays, supervision, time delays or control

Protective Relays and Monitoring Relays Suppliers in Australia

Locate Protective Relays and Monitoring Relays suppliers, manufacturers & distributors in Australia. Interactive map of Australia provided.

Relays Australia , Relays Supplier & Manufacturer

Whatever relays you are looking for, we offer a broad range from the most trusted manufacturers worldwide, such as Panasonic, Omron, TE Connectivity and our

Relays

Our relay range includes telecom, reed, solid state, automotive and cradle types in popular switching configurations. Plus a selection of relay bases. We supply relays to Australia's largest OEM

Relays , Our Products , Powerdist

Our supplier, Basler Electric, has been manufacturing electronic protection relays in USA since the 1970's and we supply their latest range of digital protection relays to many large power utilities as

Protection Relays

Partnering with leading innovator and supplier, GE Vernova, to deliver an extensive array of protection relays uniquely designed for generators, transmission lines,

Protection Relay , Providing Safe Distribution of Electrical Power

By integrating Littelfuse arc-flash relays and earth fault protection into your power systems, you significantly reduce safety hazards and personnel risk. Beyond mining, our power system protection

Protection Relay Testing and Commissioning Australia , MPT Services

Protection Systems and Secondary Testing MPT Services delivers expert protection systems and secondary testing solutions across Australia. Our team ensures your electrical infrastructure

Approved Grid Protection Relays

Approved Grid Protection Relays This document provides a list of Approved Grid Protection Relays (GPR) for embedded generation systems to comply with the IEC Standards and ANSI/IEC device

Mors Smitt

RMS Mors Smitt is an Australian company and part of the Wabtec corporation; dedicated to the design, manufacture and distribution of high quality electrical

Relays , element14 Australia

Buy Relays. element14 Australia offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.

Relays & Timers

Designed for industrial automation and control applications, our portfolio covers from general purpose and latching relays to configurable smart

Our Brands , Protection Relays

From humble beginnings in 1969, Stemar Electrical Products has grown to become a leading Australian manufacturer of Instrument transformers, Dry type

Relays Australia , Relays Supplier & Manufacturer

Relays are essential components in various industries, serving as critical interfaces that manage power, control operations, and enhance safety across numerous industries and applications, such as:

Relays

Relays are devices making or breaking electric circuits by their output section driven by operational signal, which is triggered by electric input signal controlled by switching devices.

The Top 10 Relay Manufacturers List of 2026

Find the right partner with our relay manufacturers list. We compare the top 10 global players on quality, support, and supply chain to simplify your

Protection Solutions

View our vast selection of advanced electrical protection relays, gas detection solutions and leading Bender devices that ensure safety across a range of sites

Asset Management Plan Protection Relays

Protection relays are designed to trip circuit breakers in response to network faults or abnormal network conditions to prevent or minimise damage to plant and equipment, and play a significant role in

Motor protection relays for advanced security , Schneider Electric

SchneiderElectricAustralia.Advancedprotection,controlandmonitoringfordistribution systems. Motor protection relays with comprehensive range of measurement and monitoring features

Top 70 Relay Manufacturers in Australia (2026) , ensun

Discover all relevant Relay Manufacturers in Australia, including RedR Australia and AUSTRALIAN RAIL TECHNOLOGY PTY LTD

Industries , Protection Relays

Professionals in construction, manufacturing, mining, oil & gas, solar, and many more industries rely on Littelfuse for rugged, lasting protection for their designs and critical applications. The team at Fuseco

Medium voltage protection relays by range

Schneider Electric Australia. Protection relays for medium-voltage and high-voltage applications including overcurrent, arc, motor, transformer, capacitor banks and other general protection
