

Cable tray hole sealing plate

Overview

Hole seals and gland plates for electrical enclosures cover access holes for conduit and push buttons. Our sealing modules have removable layers enabling a perfect fit to cables and pipes of different sizes. Seal cable penetrations with our modular firestop solutions, designed to create water-, smoke- and gas-tight barriers in energy and industry projects both onshore and offshore. The Cable Entry Systems from Panduit offer a safe, organized method to transition both terminated and unterminated cables through enclosures and electrical equipment, providing strain relief while maintaining IP/NEMA ingress sealing ratings.
