

# **Core Switch S7703**

## Overview

---

Expert Tip: The Huawei S7703 is a modular core switch ideal for medium to large enterprises. It supports up to 3 service slots, offers high availability with redundant power and fan modules, and integrates seamlessly with Huawei's CloudCampus and SDN solutions for automated network. When the chassis has no cable management frame installed, the dimensions (H x W x D) are 175 mm x 442 mm x 517. The S7700 design is based on Huawei's intelligent multi-layer switching technology to provide intelligent service optimization methods, such as MPLS VPN, traffic analysis, comprehensive H-QoS policies, controllable multicast, load. We provide network design&planning, configuration, troubleshooting, maintenance and training service in.
