

Czech Low-Voltage Complete Equipment Manufacturer

Overview

Our brand represents a company with over 80 years of tradition in the development and production of low-voltage breaking devices. Consequently, the production in OEZ is one generation ahead of many our competitors as we are able to manufacture in series different versions of devices, or even different devices, on the same line at the same time and without disrupting a smooth flow of the production or quality of the products.

Czech Low-Voltage Complete Equipment Manufacturer

About the company , OEZ

OEZ is a complex supplier of products and services in the field of the low-voltage electrical circuits. Owing to more than 15 years of partnership with the Siemens

Sellers of electrical equipment and instruments in the Czech Republic

Electronic components, aerial equipment, batteries, accumulators, car accessories, ISO reducers and cables, travel adapters, connectors and reducers, voltage converters, measuring equipment,

Top 55 Switchgear Manufacturers in Czechia (2026) , ensun

With a production capacity that ranks it among the largest manufacturers of low voltage switchboards in the Czech Republic, they provide comprehensive services, including design, technical

TES VSETIN

Low voltage switchboards The company's production methods build on the traditional manufacture of low-voltage switchboards. This equipment is custom-made and

About Us , MT-mericí transformátory

The company MT-mericí transformátory, Ltd. was founded in the first half of the year 1992 and currently is the only low-voltage instrument current transformers

Companies

Commercial company representing on the territory of Czech Republic a number of well-known foreign companies working in the field of electrotechnics and mechanical engineering

An established Czech manufacturing company is seeking a partner for

General information Short Summary Logaritma is a manufacturer providing assembly and production of low-voltage switchgears, control cabinets, and retrofit solutions for energy, industrial

electrical-equipment Czech Republic , B2B
