

# **Huawei S12708 core switch has two main control boards**

**1075KWHH ESS**

## Overview

---

S12700E-4 supports up to 2 main control boards, 2 SFU switching network boards and 4 LPU circuit boards S12700E-8 supports a maximum of 2 main control boards, 4 SFU switching network boards and 8 LPU circuit boards. The S12708 chassis provides eight LPU slots, four SFU slots, two MPU slots, two CMU slots, and six power module slots. Figure 4-16 shows the slot distribution at the front of the S12708 chassis, and Figure 4-17 shows the slot distribution at the rear of S12708 chassis. \* Online Price may be wrong or outdated and can NOT be used as proof by anyone or any organization for any purpose. The maximum numbers of line processing units and switch fabric units supported by these models are: ● S12704: 4 LPUs and 2 SFUs ● S12708: 8 LPUs and 4 SFUs ● S12710: 10 LPUs and 2 SFUs ● S12712: 12 LPUs and 4 SFUs. High quality S12700 Series for Agile Switches S12708 switch from China, China's leading Huawei Network Switches product, with strict quality control Huawei Network Switches factories, producing high quality Huawei Network Switches products.

## **Huawei S12708 core switch has two main control boards**

---

## **Huawei X7 Series Switches S7700 Datasheet (Detailed Version)**

---

S7700 Datasheet (Detailed Version) The S7700 series switches (S7700 for short) are high-end smart routing switches designed for next-generation enterprise networks. The S7700 design is based on

## **Huawei CloudEngine S12700E series switch board and component**

---

Huawei S12700/S12700E series switches are the next-generation campus network core agile switches. It adopts a fully programmable architecture to meet the flexible and fast customization

## **Huawei S12708 Switch Huawei S12708 price and specs ycict**

---

Huawei S12708 Switch provides high-performance Layer 2/Layer3 switching services, supports millions of hardware entries, and can meet campus network evolution over the next 10 ??????. Huawei S12708

## **Huawei S12708 Switch Best Price At Authorized Partner**

---

Official warranty and support by Huawei authorized reseller, Huawei S12708 switch price up to 70% off, Huawei full range network products.

## **ET1D2MPUA000-S12704/S12708/S12712 Main Processing Unit A**

---

The ET1D2MPUA000 is the main control unit for the S12704, S12708 and S12712. It provides the control plane and management plane for the entire system and reserves a slot for clock daughter card.

## **S12700 Series Agile Switches**

---

S12700 Series Agile Switches Huawei S12700 series switches are core switches designed for next-generation high-quality campus networks. These purpose-built switches help create a campus

### **S12708**

---

If four 2200 W power modules are installed, they work in 2+2 redundancy mode. The system can identify the power redundancy mode, and you do not need to manually configure the power redundancy

## S12708

---

The S12708 has four fan modules respectively, located at the rear of the chassis. The fan modules absorb airflow to exhaust the heat generated by cards and other modules out of the chassis,

## ET1D2SFUC000-S12704/S12708 Switch Fabric Unit C

---

Functions The ET1D2SFUC000 provides the data plane for the entire system. The data

plane provides high-speed and non-blocking data channels for service switching between service modules.

## **ET1D2SFUD000-S12708/S12712 Switch Fabric Unit D**

---

Functions The ET1D2SFUD000 provides the data plane for the entire system. The data plane provides high-speed and non-blocking data channels for service switching between service modules.

## **CloudEngine S12700E Series Switches Datasheet- V2R21C00**

---

CloudEngine S12700E Series Switches Datasheet Huawei CloudEngine S12700E series switches are new core switches designed for next-generation high-quality campus networks. These purpose-built

## **Huawei S12708 V200R021C10 Switches Support Guide, Manuals & PDF - Huawei**

---

S12708V200R021C10: Access product manuals, HedEx documents, product images and visio stencils.

## **S12708 Switch S12708 price and specs S12700 Agile**

---

S12708 Switch is designed for next-generation campus networks, which uses a fully programmable architecture to meet fast-changing service needs. Huawei

## **S12700 Series Agile Switches Product Description**

---

Product Characteristics Huawei S12700 series agile switches are core switches designed for next-generation campus networks. Using a fully programmable switching architecture, the S12700 series

## Huawei S12708 Switch Best Price

---

Huawei S12708 switch with 2xMPU slots, 2xCMU slots, 8xLPU slots, 4xSFU slots, 6xPower Module slots, 4xFan Module slots. HUAWEI S12700 series agile

## Installing an S12708, S12710, and S12700E-8 Chassis

---

The methods for installing the S12708, S12710, and S12700E-8 chassis are the same. This section uses S12708 as an example to describe the installation procedure. This section describes how to install an

## **S12700 Series Agile Switches Product Characteristics**

---

With this technology, a physical network with core/aggregation switches, access switches, and APs can be virtualized into one logical switch, offering the simplest network management solution.

## **S12700 Series Agile Switches**

---

S12700 Series Agile Switches HUAWEI S12700 series agile switches are designed for next-generation campus networks. Using a fully programmable architecture, the S12700 series allows fast, flexible

## **S12700 Series Agile Switches**

---

These technologies help improve productivity and maximize network operation time, reducing Total Cost of Ownership (TCO). The S12700 series is available in two models: S12708 and S12712.

## **S12700 Series for Agile Switches S12708 switch**

---

The S12700 series provides high-performance Layer 2/Layer3 switching services, supports millions of hardware entries, and can meet campus network evolution over the next 10 years.

## **End of Life Announcement for an S12708 Modular Switch Bundle**

---

The S12708 modular switch bundle will no longer be sold, but the involved lower-layer switch, cards, and power modules will still be sold. Huawei provides a new product to replace the old

## **Huawei CloudEngine S12700H Series Switches Datasheet**

---

Huawei CloudEngine S12700H series switches (S12700H for short) are next-generation modular core/aggregation switches designed for high-end campus networks in the Wi-Fi 6/7 fully-wireless era.

## **Huawei CloudEngine S12700E series switch board and**

---

S12700E-8 supports a maximum of 2 main control boards, 4 SFU switching network boards and 8 LPU circuit boards. S12700E-12 supports a

## **Typical CSS Configuration of Modular Switches**

---

To meet requirements of the enterprise, S12708 core switches SwitchA and SwitchB set up a CSS using CSS cards in SFUs. SwitchA is the master switch, and SwitchB is the standby switch.

## **S12708 Switch S12708 price and specs S12700 Agile Switch ycict**

---

Huawei S12708 Switch allows new services to be flexibly and quickly provisioned in six months. S12708 Switch provides high-performance Layer 2/Layer3 switching services, supports millions of hardware

## **Huawei S12708 Switch Best Price At Authorized Partner**

---

The S12700 uses a Huawei Ethernet Network Processor (ENP) and provides a native Wireless Access Controller (AC) to help build a wired and wireless

## **Huawei S7700, S8700, S9700, S12700 and S16700 Switches Support**

---

S7700& S8700& S9700& S12700& S16700 Series S12708: Access product manuals, HedEx documents, product images and visio stencils.

## **S12704 Switch S12704 price and specs S12700 Agile**

---

Deliver Abundant Services Agilely Huawei S12704 Switch native AC capabilities allow enterprises to build a wireless network without additional AC hardware.

## **S12700 Series Agile Switches**

---

S12700 Series Agile Switches S12700 Series Agile Switches HUAWEI S12700 series agile switches are designed for next-generation campus networks. Using a fully programmable switching architecture,
