

Optical module ranking ninth globally and fourth in shipments

Optical module ranking ninth globally and fourth in shipments

Check out the global ranking of module shipments in 2024

According to InfoLink statistics, the top ten module manufacturers shipped approximately 502 GW in 2024, representing a 22% increase over 2023

Top PV module companies by shipment volume in 2023

In the dynamic world of solar energy, 2023 proved to be a noteworthy year for the top solar module manufacturers. The recently unveiled shipment rankings shed light on the

Global Optical Module Suppliers TOP10 Ranking Changes

Below are the changes in the global optical module supplier TOP10 ranking from 2021 to 2023, published by LightCounting, a market organization in the optical communications industry:

Top ten solar manufacturers ship 500GW modules in 2024

The leading crystalline silicon PV manufacturers have shipped a record 500GW of modules in 2024, according to a report from Wood Mackenzie.

Global module shipment ranking 2022: Longi retains lead, Tongwei

The top four dominated 60-65% of global shipment volume, heightening that the big stays big. The top five module makers in 2022 were Longi, Jinko Solar, Trina Solar, JA Solar, and

2024 Global PV Module Shipments: The Rise of the "F4"

As the financial reporting season for 2024 concludes, the global solar photovoltaic (PV) industry has unveiled its latest shipment rankings. According to

PV Module Shipment Ranking in 1H 2024 , RTS

The solar module shipment rankings for the first half of 2024 have been announced by Taiwan-based PV InfoLink. The rankings are as follows:

Latest Ranking of Top 10 Global Optical Module Suppliers

Recently, LightCounting, a well-known market research organization in the optical communication industry, released the latest issue of its market report and updated the TOP10 ranking of global

Top PV module suppliers by shipment volume in Q1,

For most companies, n-type module shipment targets exceed 60%, signaling the official arrival of the n-type era. Top Performers in Q1 2024

Over 20 Million 400G & 800G Datacom Optical Module

Unit shipments of 400G and 800G modules have grown nearly fourfold over the past 12

months and are expected to surpass 20 million for 2024. "Optical

HISILICON's Global Ranking in Optical Modules , Weyland

In the field of optical modules, HISILICON is ranked as follows: According to the Global Optical Module TOP10 List 2022 released by LightCounting, an internationally renowned market

Optical Module Industry Statistics 2026

In 2021, the fiber optic transceiver module segment accounted for the largest revenue share (58%) of the optical module market, driven by high-speed data transmission requirements in

Optical Modules Market Research Report 2034

The global optical modules market exhibited a moderately fragmented competitive structure in 2025, characterized by the presence of a small number of large

Global module shipment ranking 1H23: Jinko reclaims top spot

The ranking is based on statistics from InfoLink's database and financial findings. The data is collected from InfoLink's survey on module sales of manufacturers. Should there be any

Optical Modules Market Size, Growth Trends & Forecast

The Optical Modules Market encompasses the design, manufacturing, and deployment of

compact, high-performance devices that facilitate the

Optical Modules

This report aims to provide a comprehensive presentation of the global market for Optical Modules, focusing on the total sales volume, sales revenue, price, key companies market share and

Module shipment ranking 2022: Top 10 manufacturers shipped 240 GW globally

The sales directors of multiple module producers said that the market had boomed in 2022. Most manufacturers have shipped more modules in the first three quarters of 2022 than in the

The latest ranking of the TOP10 global optical module suppliers

A few days ago, LightCounting, a well-known market research organization in the optical communication industry, released the latest market report and updated the TOP10 ranking of global

LightCounting :: May 2024 Optical Vendor Landscape

This report takes a deeper look at suppliers of optical components and modules, providing market shares of leading vendors sorted into the several categories (top

LightCounting :: The TOP10 Transceiver Suppliers for 2024

The figure below illustrates the changes in the TOP10 list of optical transceiver suppliers over the last 15 years. A majority of the Japanese and US-based

2025 solar ranking , Wood Mackenzie

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the

Top PV module suppliers by shipment in H1 2025

After thorough research and field visits by Solarbe and Solarbe Consulting, we hereby announce the 2025 first half-year PV module shipment

2024 PV module shipment TOP10 forecast: Trina Solar ranks second,

The shipments of the three module manufacturers, Yiyi New Energy, Yingli Energy and Risen Energy, are generally in the range of 14-15GW. It is important to note that the above rankings

InfoLink's 2024 global module shipment ranking: significant gap

According to InfoLink's statistics for 2024, the top ten shipped around 502 GW of modules, up 22% YoY, showing that the annual growth rate has begun to narrow, as previously

Outlook For The Top 10 Photovoltaic Module Shipments

Both companies have anchored 50GW module shipments for the whole year. To achieve the goal, Tongwei's module shipments in the fourth
