

Slovakian electrical distribution box manufacturing plant

Overview

Slovakia is home of two GPV production sites: GPV Cables SK in Hlohovec offers cables assemblies and box-build. We provide high-quality electronic products and cost-efficient manufacturing capabilities for export across the European Union. 3 million customers, and is actively involved in the development of renewable energy sources and energy efficiency services. The manufacturing plant is located in Piešťany, a country seat only 30 kilometers from Trnava and 85 km from Bratislava and Austrian borders, and three kilometres from a major freeway intersection. Production: distribution equipment intended for rolling stock, power generation, distribution and distribution of el.

Electronics & Electrical Components Industry in SLOVAKIA

Today's Regional Distribution of the Electronics & Electrical Components Industry Leoni Wiring Systems, Electrical engineering companies are located across whole Slovakia.

Companies

Production: distribution equipment intended for rolling stock, power generation, distribution and distribution of el. energy, as well as control cabinets and counters for technological lines.

Electricity distribution Slovakia , B2B companies and suppliers

Beljanski Industriemontagens.r.o. is a family-owned company focused on control cabinet construction/control cabinet wiring as contract manufacturing in our facility in Komárno (Slovakia).

ELTEC Piestany

The manufacturing plant is located in Piestany, a country seat only 30 kilometers from Trnava and 85 km from Bratislava and Austrian borders, and three kilometres from a major freeway intersection.

One of Slovakia's Leading Manufacturing Companies

Acquired in 2016 and expanded in 2023, SVI Slovakia has become one of the leading manufacturing companies in the region. We provide high-quality

Electrical Distribution Boxes for Power Distribution

The Wieland distribution boxes, in compliance to IEC 61439, together with our installation connector systems, in compliance to IEC 61535, as well as its system

Automotive Sector in SLOVAKIA

Automotive Sector in Slovakia This brochure is designed to introduce Slovakia's dynamically growing automotive sector. It outlines basic facts and figures, sector's strengths and vision, in order to

Slovakia

Slovakia is home of two GPV production sites: GPV Cables SK in Hlohovec offers cables assemblies and box-build. GPV Electronics SK (N+P) in Nova Dubnica and Piestany offers high-volume

Slovakia Electric Power Transmission and Distribution Equipment Market

Slovakia Electric Power Transmission And Distribution Equipment Market Top 5 Importing Countries and Market Competition (HHI) Analysis Slovakia` s electric power transmission and distribution equipment

Electrical Panel Manufacturers In Slovakia, Bus Duct Suppliers

Being one of the well-known Bus Duct Exporters and Suppliers in Slovakia, we design and manufacture following industry guidelines to deliver unmatched quality to clients at competitive market prices.

Distribution Box Manufacturing Process , Custom

A distribution box is an essential component in electrical engineering, widely applied in residential, commercial, and industrial projects. Customers today not only care

A Slovak company offers its production of switchboards,

The company produces high-quality switchboard cabinets and UPS enclosures, ensuring durability, optimal cooling, and easy integration with power distribution

ELECTRICAL SWITCHBOARDS , Kelex s.r.o.

Switchboards Since 2004, we produce a wide range of low voltage switchgear according to customer requirements. Our long-time experience is your advantage. Whether modular, mass-produced or

Electronics Slovakia , B2B companies and suppliers , europages

Cip Comp Slovakia is looking for partners under manufacturing and/or subcontracting agreement. We are offering single and multi-step assembly services for mechanical, cable or electrical

Underground Distribution Switchgear Products & Manufacturers in

The Slovak electrical distribution network is undergoing significant modernization, with emphasis on underground cabling in urban areas to improve reliability and aesthetic appeal.

Top 14 Energy Companies in Slovakia (2026) , ensun

Damas Energy is the sole operator of the electric transmission system in Slovakia, ensuring stable and reliable electricity transmission from various producers, including nuclear and renewable sources.

About us

PMB Slovakia, s.r.o, is one of the leading Slovak manufacturers of wire and cable harnesses. Founded in 2006, and based in Puchov, Slovakia we specialize in the

What you need to know about the manufacturing process of distribution

Only after passing **all** relevant tests is the distribution box approved for packaging and shipping. It's this QC that transforms assembled components into certified electrical equipment. [More](#)

Electronics & Electrical Components Industry in SLOVAKIA

Current situation on the market reflects both -- traditional electronics manufacturing (power generators, telephones, radios, etc.) and new trends especially connected to the growing automotive industry in

Electrical Equipment Manufacturing companies in Slovakia

Find detailed information on Electrical Equipment Manufacturing companies in Slovakia, including financial statements, sales and marketing contacts, top competitors, and firmographic insights.

Power Solutions Slovakia , Homepage

The Slovakian Catalog Search and compare the full Danfoss Product Catalogue with more than 800.000 products. For each product, there is detailed information available, such as specifications, relevant

Electronics & electrical components industry

The electrical engineering industry represents one of the key pillars of the Slovak economy. From a product perspective, the electrical engineering sector is mainly influenced by a long tradition of

8 companies for Electronics Manufacturing in Slovakia

When exploring the Electronics Manufacturing industry in Slovakia, several key considerations come into play. Slovakia has established itself as a significant player in the European electronics sector,

Switchboard production

Cabinet-type switchboards meet all the requirements of STN standards for the production of low-voltage electrical distribution equipment. They are also designed for applications requiring seismic

Automotive and electronics industries: the pillars of Slovakia's

Additionally, the chemical, metallurgical, and electric power industries are also important to Slovakia's economy. The high share of industrial production in GDP makes Slovakia highly

Power Distribution Box Manufacturer and Supplier

The distribution box acts as a load center and an electrical power distributor. A distribution box, also known as a distribution board, panel board, breaker panel,

Slovakia o Electricity

Fossil fuels 4.16 (18.0) Nuclear energy 18.34 (60.3) Hydroelectricity 4.13 (12.0)* Other renewable sources 2.30 (9.7) In 2023 Slovakia had 6.3 GW of electricity installed generating capacity. As of
