

Standard for 2000 square meter distribution boxes

Overview

IEC 61439 is a key international standard for low voltage distribution boxes. We offer IP Enclosures in various material and sizes to enclose and protect Energy Meters. RMC Enclosures are provided with IP Level from IP-33 to IP-65 and are customized as per the customers requirements like Push Fit Type Locking System, Sensor System, with Louvers etc. An outdoor electrical distribution box serves as the critical junction point where incoming power lines are split into multiple branch circuits for outdoor installations, parking lots, building exteriors, and industrial facilities.
