

US Fiber Optic Cable Marker Posts

Overview

Fiber Marker Posts provide a convenient and effective way to protect and identify underground fiber optic cable facilities. Standard 6 foot long with an orange dome cap and are available with custom printing. The PM-303 Dome Marker Post is a Cable and Pipeline Marker used as a Warning Sign to mark underground utilities such as: Fiber Optic Cable, Gas Pipelines, Petroleum Pipelines, Electric Lines, Water Lines, Sewer Lines and all other buried utility lines. When excited by any standard marker locator, the marker ball produces a 5-foot spherical RF.
